EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Vincent P. Liptak, on 07/08/2003.

The application has been amended as follows:

In claim 1, line 5, **delete** "14".

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Applicants claim a mobility modifying cyanine dye comprising a compound of the formula recited in claim 42. The closest prior art of record is to Cummins et al, WO 99/05221. Cummins et al teach cyanine dye having a structure with at least three positively charged N or P or S atoms. The compounds of this application have a substituted alkyl-aryl directly attached to the N of the pyrrole group. The prior art fails to teach or suggest the compounds described in this application.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."
